OBJECTIVE

Seeking an entry-level cybersecurity position with a progressive company that values my technical skills and passion for the field. As a recent graduate with a Bachelor's Degree in Computer Science, I am well-versed in best practices for network and web application security, vulnerability assessments and penetration testing, and have completed numerous relevant coursework and certifications. I am confident in my ability to quickly adapt to new technologies and am dedicated to staying up-to-date with the latest industry trends. I also possess:

- Experience in scripting languages such as Python and Bash.
- Excellent task management. Ability to handle multiple projects simultaneously.
- Experience with security toolkits such as Kali Linux, Metasploit, Burp Suite, and more.
- Familiarity with CWE, CVSS, OWASP, and scoring systems.

EDUCATION

Adamson University - Bachelor's, Computer Science   August 2018 - July 2022

CERTIFICATIONS

- eLearnSecurity Junior Penetration Tester (eJPT)
- C)PTE: Certified Penetration Testing Engineer
- C)SA1: Certified Security Awareness 1
- NSE 1 Network Security Associate
- NSE 2 Network Security Associate
- ISO/IEC 27001 Information Security Associate™
- ISO/IEC 20000 IT Service Management Associate™

EXPERIENCES

KPMG R. G. Manabat & Co., Makati, NCR   August 2022 - Present
Cyber Security Consultant, Consultant I
- Reviews client's processes and controls against leading practice and industry frameworks
- Conducts VAPT activities from different engagements including network, web application, and more.
- Utilizes tools such as Kali, Metasploit, BurpSuite, Nmap, Nessus, Nuclei, Dradis framework, and more.
- Has experience in creating, editing, validating VAPT reports.

Poseidon IT Solutions, Remote/Taguig, NCR   March 2022 - May 2022
Security Analyst Intern
- Conducted penetration testing assessments including network (internal and external), web application, and more.
- Utilized platforms and tools such as Kali Linux, Metasploit Framework, Burp Suite, and more.
- Created learning materials in network security, digital forensics, network attacks and exploits, and more.
- Experienced writing a data privacy notice.
- Created two CTFs for students about digital forensics and ethical hacking.

TALKS

Adamson University   March 2022
Presenter, Computer Science Research Symposium

ACHIEVEMENTS

UNFPA Cybersecurity Conference 2020   October 2020
Grand Winner, Hackathon
Best Technology Award, Hackathon
Best Idea Award, Hackathon

CTFs

GuideM HackTheKingdom CTF   December 2022
HacktivityCon 2021 CTF   September 2021
NahamCon 2022 CTF   April 2022

SKILLS

Soft Skills
- Teamwork

- Leadership
- Stress management
- Openness to criticism
- Adaptability
- Multitasking

Technical Skills
- Penetration testing (Metasploit, BurpSuite, Kali Linux and more)
- Vulnerability assessment (Nmap, Nessus, Nuclei, BurpSuite and more)
- Web development (Backend, Front-end)
- Programming (Python, C++, C#, Java, PHP)
- Familiarity with MySQL and Microsoft SQL Server
- Knowledgeable in using Dradis framework, Trello, Figma, Github, VS Code, VMWare
